DON'T COMPROMISE !

There is talk around the traps that if you concentrate on wool quality and GFW, it is to the detriment of growth rate, conformation, carcase traits, robustness and fertility.

There is no need to compromise. Orrie Cowie is addressing the total needs of sheep producers by applying rigorous selection pressure on early growth, carcase and maternal traits (including fertility) as well as maintaining the frame, wool weights

and wool quality we are renowned for.

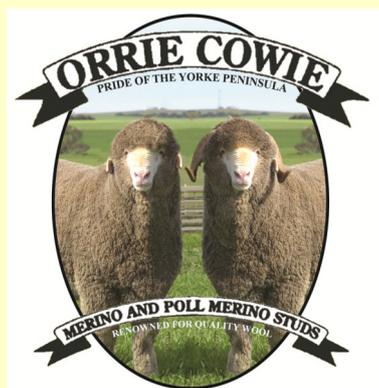

We care about your breeding programme and your wool clip. Our rams are guaranteed to perform or you get a replacement. Just talk with us for advice.
